Order No. 73-1

On July 21, 1972 the City of Half Moon Bay, (hereafter Petitioner) filed a petition for review by the State Water Resources Control Board of Order No. 72-34 of the California Regional Water Quality Control Board, San Francisco Bay Region, adopted June 27, 1972, prescribing revised waste discharge requirements for the Petitioner.

The petition failed to fully comply with the requirements of Subchapter 6, Chapter 3, Title 23, California Administrative Code and permission was granted for the filing of an amended petition by August 25, 1972. An amended petition which complied with requirements was filed on November 13, 1972.

Section 2051, Subchapter 6, Chapter 3, Title 23, provides in part, that "if a properly amended petition is not received by the Board within the time allowed the petition shall be dismissed unless cause is shown for an extension of time."

Sufficient cause having been shown for an extension of time and it appearing that under the circumstances of this case no prejudice will result from the delay, it is hereby ordered

that the petition of the City of Half Moon Bay to review Order No. 72-34 of the California Regional Water Quality Control Board, San Francisco Bay Region, be accepted.

Adopted as the order of the State Water Resources Control Board at a meeting duly called and held at Sacramento, California.

Dated: January 4, 1973
